All Tanning is Accepted at Owner's Risk

We have no control over any skin or trophy prior to our receiving it for tanning and/or mounting. Many factors have a definite effect on the final results of tanning, such as primeness, time of year, climate conditions, lack of facilities, or lack of field care. Occasionally a skin will not tan due to improper handling before shipment to us, or to some defect in the skin. We cannot assume any responsibility or offer any guarantee of the tanning of any skin for these reasons.

I agree to the above terms and conditions and declare that this specimen(s) was legally obtained.
